How to order stand equipment?

Order in good time – save money

For the best possible service from Stockholmsmässan and to be sure of getting the products and services you need – order in good time. This will allow us to deliver services of a higher quality and will also save you money.

If you order no later than 3 weeks before the official moving-in date, we reward you by offering the lowest price for construction and stand equipment. Orders received later are subject to a 30% surcharge on the price up until the moving-in date. If you order during the official moving-in period or the actual event, a 50% surcharge will apply.

The surcharge applies to all products priced in the Service Catalogue. However, prices for plants, wireless Internet connection, parking permits, exhibitor insurance and stand catering are not affected.

Last day to order at the lowest price = 9 June 2011.

Stand packages

Stockholmsmässan can offer stand packages in various sizes.

For more information –Please contact Stockholmsmässan's **Event Service**

Telephone +46 (0)8 749 44 44
