

Minutes SIG Fertility Preservation business meeting
16 October 2017

Present: Richard Anderson, Kirsten Macklon, Michael von Wolff, Clara Gonzalez Llagostera
Apologies: Jan-Bernd Stukenborg

Discussion:

1. The main point of discussion was the format and content for a Campus Workshop for Autumn 2018. There is a proposal from SIG Reproductive Endocrinology to have this as a joint campus.
2. An outline of an 'expert' meeting was developed, and will be developed further with RE. It will focus on female FP, complementing the 'male' agenda of the March campus workshop in Amsterdam.
3. Date: probably 2nd half October, venue: Copenhagen.

Other issues:

1. The FP guideline development group had a preliminary meeting in Geneva, and a TC is organised for 22nd Nov. This will finalise the scope, with a view to 2 meetings in early 2018 to progress this.
2. A pregress course for Vienna 2018 needs to be developed by end of Nov 2017.
3. Clara to liase with Christine@eshre re social media activities to promote the field and SIG activities
