

IRHEC newsletter

Updates, highlights and more!

Dear Network Members,

We're excited to introduce a new format for our newsletter!

This revamped edition aims to enhance your reading experience and provide quick access to the latest updates and resources (no more downloads!). Look forward to features like research highlights and important announcements, all designed to keep you informed and connected. We hope you enjoy this fresh new look and find it valuable in keeping you connected with all of the IRHEC's activities.

Ongoing Research Themes: Current research themes include the role of social media in reproductive health education, fertility knowledge across populations, and the identification of global research gaps. A recently concluded research explored how social media is used to promote reproductive health and fertility education (Grace et al., 2025) submitted to Human Reproduction Open and currently under review. Do you have any research ideas or want to become involved in our ongoing research activities? Reach out to our research team:

Ongoing Social Media Campaign:

We're thrilled to announce that our new social media campaigns are already in full swing. We invite you to share your thoughts on **what reproductive health means to you** — tag us to join the conversation! If you would like to discuss a different topic, our **IRHEC Network Voices** campaign provides a platform for sharing your insights on reproductive health education, fertility education and awareness, and more. Feel free to express yourself in your own language. We will handle the editing, tag you and share your video on our social media platforms. Let's amplify our voices and make a meaningful impact together! Reach out to our social media team:

Interested in joining the IRHEC Steering Committee?

Nominations will open early next year. If you are interested in applying watch this space for more information, which will be shared in the first quarter of 2026!

Just joined the IRHEC Network?

Welcome! We're excited to have you on board and can't wait to collaborate!

What to Expect:

- **Two Online Meetings Annually:** engage with fellow members and participate in discussions.
- **One In-Person Meeting:** join us at the ESHRE Annual Meeting for valuable face-to-face interactions.
- **Research Involvement:** participate in our research activities or share your own ideas.
- **Social Media Engagement:** contribute to our campaigns and provide valuable feedback.
- **Educational Resource Guidance:** receive support on how to effectively share our educational materials.
- **Translation Assistance:** get help translating any of our educational resources into your native language.
- and many more!
